Total Health Conferences

OneOncology Advancing Precision Oncology in the Community | Cancer Detection and Monitoring Enduring

Date of CE Release: 11-03-2021

Date of CE Expiration: 11-03-2022

Location: Online

Acknowledgment of Financial Commercial Support

No financial commercial support was received for this educational activity.

Acknowledgment of In-Kind Commercial Support

No in-kind commercial support was received for this educational activity.

Satisfactory Completion

Learners must listen to each self-directed audio recording while following along with the visual slides/read the articles, and complete an evaluation form to receive a certificate of completion. Your chosen sessions must be attended in their entirety. You must participate in the entire activity as partial credit is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and Total Health Conferences. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians

Amedco LLC designates this material for a maximum of 1 *AMA PRA Category 1 Credits™* for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Pharmacists

Amedco LLC designates this activity for a maximum of 1 knowledge-based CPE contact hours.

Nurses

Amedco LLC designates this activity for a maximum of 1 ANCC contact hours.

Objectives - After Attending This Program You Should Be Able To

1. Understand the concept and potential clinical applications of ctDNA in various cancers in terms of detection of minimal

residual disease and molecular relapse monitoring.

2. Understand the concept and potential clinical applications of ctDNA to capture tumor evolution and drug resistance biomarkers.

3. Incorporate emerging evidence regarding diagnostic testing challenging clinical situations.

Disclosure of Conflict of Interest

The following table of disclosure information is provided to learners and contains the relevant financial relationships that each individual in a position to control the content disclosed to Amedco. All of these relationships were treated as a conflict of interest, and have been resolved. (C7 SCS 6.1-6.2, 6.5)

All individuals in a position to control the content of CE are listed in the program book. If their name is not listed below, they disclosed that they had no financial relationships with a commercial interest.

Name	Commercial Interest:Relationship
Melissa Johnson	NA
Scott Kopetz	NA

How to Get Your Certificate
